

# Enjoy the Journey

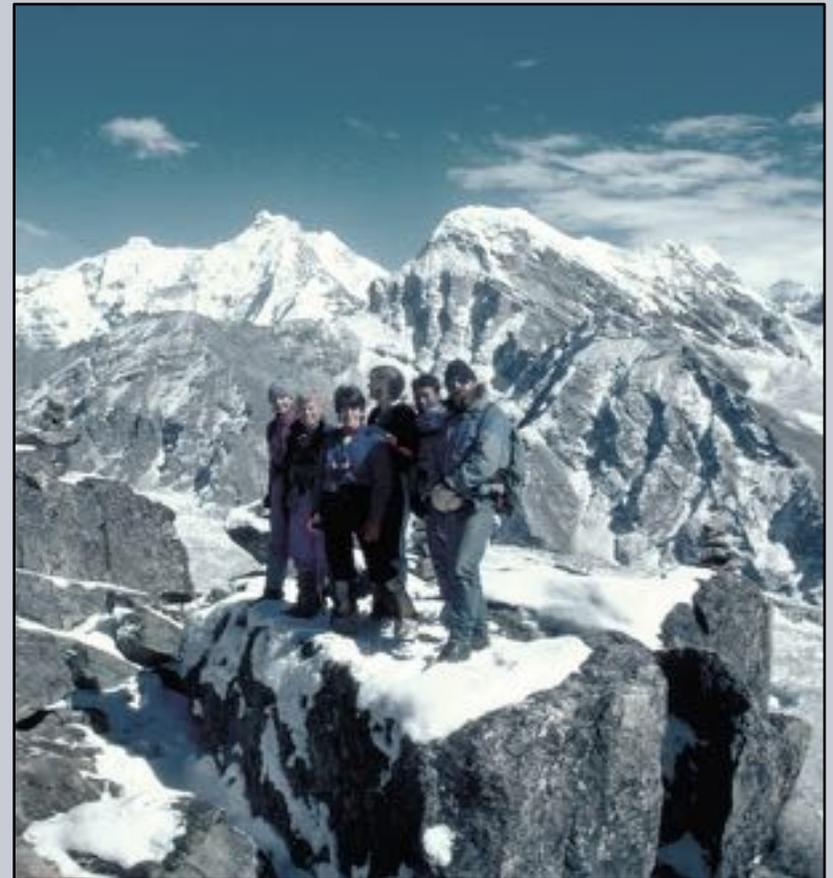

Myths and Mountains has been providing “luxury travel with a casual elegance” for more than 20 years. We believe that when you are on vacation, you are on a journey ... on a path of discovery and enlightenment, getting away from it all to see the beauty in everything.

When you travel with Myths and Mountains, you will enjoy boutique hotels and exquisite meals, surrounded by foreign people, their culture and a completely different way of life. These societies teach us so much about ourselves; they allow us to open new doors and walk into situations we would not have considered otherwise.

# Why Myths and Mountains?

1. We share our passion with our travelers.
2. We know each destination inside and out.
3. We believe in connecting you with the people and cultures you visit.
4. We ARE travel philanthropy.
5. Our travelers come back to us again and again and send us their friends and families.
6. Our guides are known local experts in their fields.
7. We will customize a trip just for you, not just pull a standard design off a shelf.
8. National Geographic Adventure, Travel + Leisure and Conde Nast magazines think we deserve awards.
9. We guarantee departures and do not cancel trips.
10. We are bonded and insured, and we stand behind our trips.

# Trip Concepts

Travel is about more than just seeing a place; it's about getting to know and understand its people, its history, and its environment from the inside. We design our trips to reveal the heart of each destination, so that our travelers both embrace and are embraced by the local culture.

Every Myths and Mountains trip incorporates one or more core concepts that provide unique insights into our destinations to inspire you to explore more fully, to approach your destination on a deeper level, to be a participant rather than just an observer.
