Over the last decade, Ibex has expanded its repertoire to journeys beyond India. These are unique, in-depth experiences in countries that are otherwise perceived as far-away, wild and inaccessible. Ibex truly believes that travel binds; it creates empathy and makes each moment endless.

Responsible Travel & Eco Tours

Ibex Expeditions is committed to responsible travel in every journey designed. The company takes pride in immersing clients into meaningful humanitarian efforts, interactions with local communities, and purchasing from Non Governmental Organizations (NGO's), thus making a positive difference to the places they visit and the people they meet along the way. The result of this approach is real and long lasting.

Ibex has identified where responsible volunteering can provide the most benefit in India, Australia and New Zealand, and can help you find the humanitarian and voluntary tours right for you.

India in Mind: Jan. 14-25, 2016

Experience the rich literature of India as a portal of discovery for this extraordinary tour to India, which culminates at the Jaipur Literature Festival in Rajasthan. Discover India through the eyes of a teacher, a travel guide, and cinematographer.

- ❖ Our journey has been arranged so as to represent chapters in a book; the final chapter will culminate at the Jaipur Literature Festival.
- ❖ You will travel from antiquity to modernity as evinced by architecture, painting, archaeological sites, nature reserves, and mediaeval Rajput strongholds, climaxing with one of the most vibrant and charismatic literary festivals in the planned city of Jaipur. There you will meet with artists, writers, poets and dramatists who have spent their lives combing all these strands of Indian history and experience into words.
- ❖ We shall commence in Delhi with visits to contemporary art galleries, the hip and historic Hauz Khas village, a reservoir and an ancient university at it's centre, now proliferating in art, design, food and books.
- ❖ In Varanasi, one of the most ancient cities of the world, we will take yoga lessons, learn about the philosophies of Hinduism, and experience alternative sciences such as astrology.
- ❖ We make our way to the Taj Mahal, and finally at Jaipur, we attend the carnivalesque annual Literary Festival, bursting with music and a love for the word.
